TITLE: Staff Report for the Resolution approving a \$49,000 Abandoned Watercraft Abatement Fund (AWAF) grant agreement between the City of San Leandro and the State of California, Department of Parks and Recreation, Division of Boating and Waterways for abatement of abandoned watercraft subject to lien at the San Leandro Marina and the San Leandro Shoreline

As required by the provisions of Senate Bill 172, Chapter 930, Statutes of 1997, the Division of Boating and Waterways implemented the Abandoned Watercraft Abatement Fund (AWAF) program to address the problem of abandoned watercraft. The purpose of the program is to provide funds to local public agencies to remove, store, and dispose of abandoned, wrecked, or dismantled watercraft or any other partially submerged objects that pose a substantial hazard to maritime navigation. The San Leandro Marina currently has eight abandoned watercraft that are subject to lien, and must be removed and disposed.

Staff recommends that the City Council adopt a resolution approving the Abandoned Watercraft Abatement Fund Grant Agreement, between the City and the State of California, Department of Parks and Recreation, Division of Boating and Waterways.

BACKGROUND

The City has removed and disposed of many watercraft over the past 50 years. From 2004 through 2010, an average of two watercraft per year were removed and disposed. During 2011 and 2012 the City of San Leandro placed liens on 27 watercraft; 11 liens were paid by the owner and returned, five were sold by the City, five were disposed of at City expense, and six were awaiting removal and disposal. In early 2013, two abandoned watercraft were found on the San Leandro Shoreline, one was towed into the San Leandro Marina and liened by the City. The second watercraft remains abandoned on the San Leandro Shoreline, due to a hole in its hull. Currently there are eight watercraft that require removal and disposal.

The City applied for a \$75,000 AWAFF grant in April 2013 based on bids received from two vendors. On July 1, 2013 the State approved a \$49,000 grant pending the State budget

approval. On January 7, 2014 the State grant agreement documents were received for review by staff and approval by the City Council.

Analysis

Under California Harbors and Navigation Code §527, a 10-percent local matching contribution is required for the Abandoned Watercraft Abatement Fund Grant. The contribution may be rendered in cash, or through in-kind contributions that must be verified and approved, all at the discretion of the Department of Boating and Waterways. The local matching contribution could include, but is not limited to, administrative costs, personnel hours, and removal and/or storage costs. The City will contribute the 10% local matching contribution in administrative costs and personnel hours to oversee the contracts and prepare the watercraft for towing, removal and disposal.

Staff estimates the costs of removal and disposal of the eight watercraft will be between \$4,500 and \$6,500 per watercraft. If the grant is not approved the Shoreline Fund will bear the cost without reimbursement.

Applicable General Plan Policies

- General Plan, Chapter 3.3H. San Leandro Marina
- General Plan, Goal 9

Legal Analysis

The City Attorney reviewed the grant agreement and has approved it as to form.

Fiscal Impacts

The Abandoned Watercraft Abatement Fund grant is a sum not to exceed \$49,000.00 submitted to the City of San Leandro via reimbursement. Ten percent matching contribution is required and the City intends to make the match through administrative costs and personnel hours.

Budget Authority

An expenditure account (597-57-177) was established and will require a \$49,000 appropriation from the Shoreline Fund available cash. A revenue account (597-3607) was established to receive reimbursements from the State for the Abandoned Watercraft Abatement Fund Grant. Although the Shoreline Fund has a negative fund balance primarily due to debt, there is sufficient cash available to cover expenses until the grant proceeds are received.

Ms. Susan Sykes
Department of Boating and Waterways

RE: Abandoned Watercraft Abatement Fund (AWAF) Grant Application

Dear Ms. Sykes:

The City of San Leandro is submitting an application to receive grant funding for several abandoned vessels.

Statement of Need

The City of San Leandro Marina owns and operates a 465 berth recreational marina. Various issues arise commencing in a vessel being abandoned, such as death of the owner, non-payment, or a vessel dropped off in the marina.

Currently there are three vessels that have been liened and authorized for sale by the Department of Motor Vehicles (DMV). The vessels went up for lien sale in March and were not sold. The vessels are on the most current list to be destroyed and disposed. In addition, there are three vessels in the middle of lien processing that may also need to be destroyed and disposed.

Due to severe budget cuts, the City is no longer able to pay for destruction and disposal of vessels. For purposes of cost estimation, attached is a quote from Parker Diving Service for two of the liened vessels. Based on the quote for two vessels, I estimate a total cost of \$75,000 for six vessels. The City's municipal code Title 1, Chapter 5, section 200 states: expenditures in excess of \$5,000 are subject to competitive bidding.

Plan of Action

From 2004 through 2010 an average of two vessels per year were destroyed and disposed. Over the past 2 years the San Leandro Marina has liened 27 boats. 4 of the

boats were liened more than one time due to non-payment. Of the 27 liened boats 11 were paid and redeemed by the owner, 5 were sold, 5 were destroyed and disposed, and 6 are awaiting destruction and disposal. Attached is a copy of the lien and disposal procedure. Procedures are subject to change per the grant agreement if applicable.

The City of San Leandro Marina will commit to the 10% contribution in the form of administrative costs, personnel hours, and storage.

Please consider awarding the AWAFF grant to the City of San Leandro Marina. If you have any questions, please contact me at (510) 577-3490.

1. NEEDS AND OBJECTIVES OF DBW

Pursuant to its authority under Harbors and Navigation Code section 525, the Division of Boating and Waterways (DBW) wishes to contract with Grantee for the removal and disposal of abandoned, wrecked or dismantled vessels, or parts thereof, or any other partially submerged objects (hereinafter "eligible water hazards") which pose a substantial hazard to navigation within Grantee's jurisdiction as listed on the Questionnaire, found in Exhibit A.

2. WATER HAZARDS ELIGIBLE FOR REMOVAL AND DISPOSAL

The funds provided under this Agreement shall be used for the abatement, removal, storage and and/or disposal of eligible water hazards. For purposes of this Agreement, "abandoned" is defined in Harbors and Navigation Code section 522(a):

"Any hulk, derelict, wreck, or parts of any ship, vessel, or other watercraft sunk, beached, or allowed to remain in an unseaworthy or dilapidated condition upon publicly owned submerged lands, salt marsh, or tidelands within the corporate limits of any municipal corporation or other public corporation or entity having jurisdiction or control over those lands, without its consent expressed by resolution of its legislative body, for a period longer than 30 days without a watchman or other person being maintained upon or near and in charge of the property, is abandoned property".

The funds provided under this Agreement shall not be utilized for abatement, removal, storage, or disposal of commercial vessels. Commercial vessels include those vessels for which the most recent registration or documentation was commercial, even though that registration or documentation may have lapsed.

If Grantee is reimbursed for the costs related to the abatement, removal, storage, and/or disposal of an eligible water hazard by the registered or legal owner or other person or entity known to have an interest in the water hazard, then the water hazard shall no longer be eligible for funding under this Agreement. Grantee shall notify DBW in writing of such reimbursement and shall return all funds disbursed by DBW to Grantee with respect to such water hazard immediately.

3. RIGHT OF INSPECTION

Grantee shall allow DBW and other state agency representatives, at any reasonable time, to inspect any site where Grantee or its subcontractors are performing work under this Agreement.

4. HAZARDOUS MATERIALS

Grantee shall be responsible for securing any necessary or prudent studies, permits, or authorizations associated with treatment, removal, storage, or any other handling of hazardous substances including, but not limited to, toxic waste, petroleum waste, asbestos, and similar substances, prior to the removal of any vessel and water hazard pursuant to this Agreement.

Grantee shall be responsible for the proper and lawful handling, abatement, removal, storage, and/or disposal of any hazardous substances encountered in the execution of this Agreement.

5. TITLES AND LIENS

Grantee shall comply with all relevant provisions of the Harbors and Navigation Code regarding notices, hearings and liens in the performance of this Agreement. Grantee (in conjunction with local law enforcement) shall conduct a title search for all vessels presumed to be abandoned, as provided by Harbors and Navigation Code section 526.

6. MEDIA

Grantee agrees to acknowledge DBW's financial support whenever work funded by this Agreement is publicized in any news media, brochures, or other type of promotional material.

7. OUTSIDE SERVICES

It is understood and agreed that, at its discretion, DBW reserves the right to obtain marine salvage services outside the terms of this Agreement.

8. PERMITS AND DOCUMENTATION

Prior to the removal of any eligible water hazard, the Grantee shall obtain all necessary permits, authorizations, and documentation necessitated by any applicable provision of law.

9. SECURING OF BIDS

Grantee shall comply with any applicable laws and regulations governing the competitive bidding process when awarding subcontracts to marine salvage companies under this Agreement.

10. SUBCONTRACTORS

The Grantee warrants that any marine salvage company performing work under this Agreement holds a valid business license and carries general commercial liability insurance coverage sufficient to fully insure against any and all risks of hazardous activities associated with the work to be performed under this Agreement. Grantee shall provide DBW with a certificate of insurance from any subcontractor prior to the commencement of any work under this Agreement.

11. TRAFFIC CONTROL AND TRAFFIC SAFETY

The Grantee shall provide for adequate traffic control and safety measures at any site where Grantee and its subcontractors will perform any work under this Agreement.

prohibitions; or (3) finally determined to be in violation of provisions of federal law relating to air or water pollution.

13. ENTIRE AGREEMENT

17. COMPLIANCE WITH LAW AND REGULATIONS

Grantee and its subcontractor(s) shall comply with all applicable laws and regulations of the State of California for all work to be performed under this Agreement. Grantee therefore must maintain commercial general liability insurance in an amount and of a type acceptable to DBW and to the Department of General Services / Office of Risk and Insurance Management (ORIM).

If Grantee is self-insured, Grantee must provide DBW written explanation of the self-insurance program, which must be approved by the Office of Risk and Insurance Management (ORIM). Grantee warrants that its liability insurance shall be in effect at all times during the term of this agreement. - D. Upon receipt of any notice terminating this Agreement, Grantee shall immediately discontinue all removal and disposal activities affected, unless the notice directs otherwise. In such event, DBW shall pay Grantee only for removal and disposal activities completed prior to the termination date.
- E. Upon termination of this agreement, Grantee shall promptly return all advanced funds. At DBW's sole discretion, DBW may offer an opportunity to cure any breach prior to terminating for default.

This Agreement is not assignable by the Grantee, either in whole or in part, without the consent of the State in the form of a formal written amendment.

22. MATCHING REQUIREMENT

Section 525(C) of the Harbors and Navigation Code states, "A grant awarded by the department pursuant to subparagraph (A) shall be matched by a 10-percent contribution from the local agency receiving the grant."

The 10-percent contribution is in addition to funds awarded in the grant.

The burden of proof in complying with the 10-percent contribution requirement is the responsibility of the grantee. Grant funds will not be disbursed until the grantee has provided DBW with acceptable documentation that it complied with the 10-percent contribution requirement for each disbursement.
