TITLE: Staff Report for a Resolution Authorizing the City Manager to Execute a Mutual Assistance Agreement with California Water/Wastewater Agency Response Network (CalWARN) that Approves the City of San Leandro Become a Member of a Statewide Emergency Response Agency Comprised of Public and Private Water and Wastewater Utilities

SUMMARY AND RECOMMENDATIONS

Staff recommends that the City Council approve a resolution authorizing the City Manager or a designated representative to execute a California Water/Wastewater Agency Response Network (CalWARN) 2007 Omnibus Mutual Assistance Agreement Signature page that approves the City of San Leandro become a member of a statewide emergency response agency comprised of public and private water and wastewater utilities.

BACKGROUND

In 2013, the City contracted with RMC Water & Environment to perform a Sewer System Management and Maintenance Program Review. One of the opportunities for improvement offered to the City in draft recommendations from the review was to develop formal mutual aid agreements with neighboring agencies to strengthen the City's emergency response position. After contacting neighboring jurisdictions regarding mutual aid agreements, staff learned that most wastewater treatment agencies in this area already belong to the CalWARN mutual assistance network.

It can take 72 hours or longer for assistance to arrive from the state or federal government after a state of emergency is declared. Because first responders, local businesses, community and health services, and the public continue to rely on wastewater services during and after an emergency, and because service disruptions can make recovery efforts even more difficult, staff believes it is prudent to plan ahead so that assistance is in place for rapid, effective response and recovery. Public and private water and wastewater utilities, both large and small, can participate in the Water/Wastewater Agency Response Network (WARN), a

utilities-helping-utilities program that uses mutual aid and assistance agreements, which are established and signed prior to an emergency, to help affected utilities quickly obtain resources such as personnel, equipment, materials, and related services from utility signatories to the WARN agreement. In an emergency, WARN support is engaged when local resources are overwhelmed or unable to provide needed resources. WARN can be activated prior to an emergency declaration by any impacted signatory utility in response to an emergency, and aid can arrive quickly, saving critical response time.

Analysis

The mission of the California Water/Wastewater Agency Response Network (CalWARN) is to support and promote statewide emergency preparedness, disaster response, and mutual assistance matters for public and private water and wastewater utilities.

CalWARN does this by providing its members with emergency planning, response and recovery information before, during and after an emergency. The program provides its member utilities with:

- A standard omnibus mutual assistance agreement and process for sharing emergency resources among members statewide.
- The resources to respond and recover more quickly from a disaster.
- A mutual assistance program consistent with other statewide mutual aid programs and the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS).
- A forum for developing and maintaining emergency contacts and relationships.
- New ideas from lessons learned in disasters.

There is no cost to join the Water Agency Response Network. It is supported by volunteers from members across the state including:

- East Bay Municipal Utility District
- Oro Loma Sanitary District
- Union Sanitary District
- City of Hayward
- Dublin San Ramon Services District
- City of Livermore

The WARN Omnibus Mutual Assistance Agreement is available to all public and private water utilities in California. All actions, recommendations, etc. are made in accordance with the CalWARN Articles of Agreement (attached). Benefits include:

- Water/wastewater utilities are able to establish a contractual relationship under which they are able to share resources during an emergency at the discretion of each participating agency.
- A single agreement provides access to statewide water/wastewater utility resources.
- Strengthens the network of mutual assistance resources.
- Meets DHS FEMA mutual aid requirements for reimbursement consideration.

- Is consistent with SEMS and the California Emergency Services Act.
- Provides a list of emergency contacts and phone numbers.
- Access to a statewide emergency resource database.
- Indemnification and workers compensation provisions to protect participating utilities, and provides for reimbursement of costs between utilities sharing resources.

Applicable General Plan Policies

- Policy 32.03 Interagency Coordination, establish partnerships and task forces with agencies and with nearby cities as needed to develop programs addressing issues that cross jurisdictional lines.
- Goal 34, Emergency Preparedness, attain-and sustain-comprehensive and highly effective emergency preparedness and recovery programs.

Fiscal Impacts

There is no cost to join the Water/Wastewater Agency Response Network.

24 priority needs.
25

26
27 **ARTICLE V.**
28 **REQUESTS FOR ASSISTANCE**

29
30 In general, assistance will be in the form of resources, such as equipment, supplies, and
31 personnel. Assistance shall be given only when Responding Member determines that its own
32 needs can be met while rendering assistance. The execution of this Agreement shall not create
33 any duty to respond on the part of any party hereto. A potential Responding Member shall not

35 absolute discretion to decline to provide any requested assistance.
36

3 whether or not to respond, whether resources are available to respond, or if other
4 circumstances would hinder response. Following the evaluation, the Authorized
5 Representative shall inform, as soon as possible, the Requesting Member whether it will
6 respond. If the Member is willing and able to provide assistance, the Member shall inform

31 Member’s Authorized Official shall coordinate response activities with the designated
32 supervisor(s) of the Responding Member(s). Whenever practical, Responding
33 Member personnel must be self sufficient for up to 72 hours. The Responding Member’s
34 designated supervisor(s) must keep accurate records of work performed by personnel
35 during the specified Period of Assistance.
36
- 37 C. **Food and Shelter** – When possible, the Requesting Member shall supply reasonable food
38 and shelter for Responding Member personnel. If the Requesting Member is unable to
39 provide food and shelter for Responding Member personnel, the Responding Member’s
40 designated supervisor is authorized to secure the resources necessary to meet the needs of
41 its personnel. Except as provided below, the cost for such resources must not exceed the
42 State per diem rates for that area. To the extent Food and Shelter costs exceed the State
43 per diem rates for the area, the Responding Member must demonstrate that the additional
44 costs were reasonable and necessary under the circumstances. Unless otherwise agreed

12 right to withdraw some or all of its resources at any time for any reason in the Responding
13 Member's sole and absolute discretion. Notice of intention to withdraw must be
14 communicated to the Requesting Member's Authorized Official as soon as soon as is
15 practicable under the circumstances.

2007 Omnibus Mutual Assistance Agreement**

WHEREAS, the California Office of Emergency Services (OES), the Department of Water Resources (DWR), the Department of Public Health (DPH) and the California Utilities Emergency Association (CUEA) have expressed a mutual interest in the establishment of a plan to facilitate and encourage water agency mutual assistance agreements between water agencies; and

WHEREAS, the California Water Agency Response Network (CalWARN) was originally created to provide a forum for the development of mutual assistance agreements between water agencies in the OES Coastal Region of California; and later expanded to all water and wastewater agencies in the State of California, and

WHEREAS, the CALIFORNIA WATER/WASTEWATER AGENCY RESPONSE NETWORK (CalWARN) 2007 OMNIBUS MUTUAL ASSISTANCE AGREEMENT is a continuation of the WARN 1996 OMNIBUS MUTUAL AID and 2001 OMNIBUS MUTUAL AID AGREEMENT and sets forth the mutual covenants and agreements for water and wastewater agencies to provide mutual assistance to one another in times of emergency; and

WHEREAS, State OES regulates the SEMS program, and this agreement is consistent with SEMS, and that it is necessary to have a mutual assistance agreement in place to support requests to FEMA for costs of using assistance during an emergency, and

WHEREAS, the water or wastewater agency hereto has determined that it would be in its best interests to enter into an agreement that implements that plan and sets forth procedures and the responsibilities of the agency whenever emergency personnel, equipment and facility assistance are provided from one agency to the other; and

WHEREAS, no water or wastewater agency should be in a position of unreasonably using its own resources, facilities, or services providing such mutual assistance; and

WHEREAS, it is the intent of WARN to revise this agreement as necessary and to annually publish a list of all water and wastewater agencies participating in this agreement, as posted on www.calwarn.org; and

WHEREAS, such an agreement is in accord with the California Emergency Services Act set forth in Title 2, Division 1, Chapter 7 (Section 8550 et seq.) of the Government Code and specifically with Articles 14 and 17 (Section 8630 et seq.) of the Act.

NOW, THEREFORE, in consideration of the conditions and covenants contained therein, the City of San Leandro agrees to become a party to the CalWARN 2007 Omnibus Mutual Assistance Agreement.
