TITLE: Staff Report for Resolution Approving Adjustments to City Fees and Service Charges for 2018-19

SUMMARY AND RECOMMENDATIONS

Staff recommends the City Council approve the proposed adjustments to City user fees and service charges in the Master Fee Schedule for 2018-19. This resolution is presented to the City Council for approval as part of the 2018-19 budget approval process.

BACKGROUND

The City conducts a review of all user fees and service charges as part of its annual budget preparation process. City user fees and service charges are based on a variety of criteria including comparable fee levels in surrounding cities, changes in the local Consumer Price Index (CPI), fee studies, and the cost to provide the associated service. If approved and adopted by the City Council, the following proposed adjustments to the City's user fees and service charges would be effective July 1, 2018.

The Master Fee Schedule is a compilation of City Council approved fees for special services requested by some residents and businesses in the community. Local agencies are allowed to set fees at rates that obtain fair and reasonable recovery of the costs incurred by the General Fund in providing a special service, thereby minimizing or eliminating the use of limited General Fund revenues. Historically, the City has strived to maximize cost recovery for most services through setting fees at levels appropriate given escalating costs of doing business and market comparisons.

Full cost recovery for certain services is a policy direction by the City Council and the fee schedule that maximizes cost recovery opportunities through appropriate fee revenues is a critical component of the City's on-going financial stability. In the 2018-19 General Fund Budget,

the proposed estimated departmental revenues total \$8,329,000, or approximately 7.6% of the General Fund operating revenues. Modifications to the City's fee schedule to remain up-to-date with escalating operating costs are generally completed on an annual basis.

Attached to the resolution accompanying this report is the *City of San Leandro Fee Schedule* that provides detail of current fees, adjustments and the addition of five new fees (four in Community Development, and one in Finance). Moreover, the fee schedule reflects the restructuring of the Public Works Parking Meter rates based on the 2017 parking study results.

The new fees are shown in ***bold and italics***. The proposed charges are in the right hand column and are printed in **bold**. The new fees are reflected in ***red bold italics*** text.

The following summarizes departmental changes to the fee schedule for 2018-19 beyond the Consumer Price Index (CPI) adjustments:
