TITLE: Staff Report for a Resolution Authorizing the City Manager to Execute a Consulting Services Agreement in the Amount of \$73,711 with Syntech Systems/Fuelmaster for Replacement of the City Fuel Card System; and to Appropriate \$73,711 from the Equipment Repair and Maintenance Fund Balance to Account 690-16-001

SUMMARY AND RECOMMENDATIONS

Staff recommends that the City Council approve a Consulting Services Agreement (CSA) with Syntech Systems/Fuelmaster for installation of new software and hardware associated with the City's fuel card system, and to approve appropriation from the Equipment Repair and Maintenance fund balance to the Equipment Repair and Maintenance's operating budget in the amount of \$73,711.

BACKGROUND

The City fuel card system is located at the Public Works Service Center and is utilized by staff to fuel City vehicles. The existing system is more than 20 years old, with hardware associated with the system failing in January of this year. Additionally, because of the age of the existing system, software upgrades are no longer available from the manufacturer, causing communication issues between the fuel card system and the computerized vehicle maintenance program.

Analysis

The new fuel card system includes both hardware and software that will integrate with the existing computerized vehicle maintenance program. Current technology allows for staff to no longer carry 'fuel cards' and manually enter mileage information when fueling up, as is current practice. Each City vehicle will have an Automotive Information Module (AIM) installed, with a counter-part 'reader' attached on the end of each fuel pump. When the pump is inserted into the vehicle, maintenance information from the vehicle, including a mileage reading and any diagnostics

messages/alerts, will be automatically downloaded into the computerized vehicle maintenance program.

Since the project is a straightforward equipment installation with no design work, staff chose to streamline procurement using a cooperative purchasing contract through the National Joint Powers Alliance (NJPA).

Budget Authority

This project will cost \$73,711, which requires increasing the 2018-19 budget in Account 690-16-001-7410 by the same amount and will be funded by transferring from existing Equipment Repair and Maintenance fund balance.

REPLACEMENT OF CITY FUEL CARD SYSTEM

THIS AGREEMENT for consulting services is made by and between the City of San Leandro ("City") and Syntech Systems/FuelMaster ("Consultant") (together sometimes referred to as the "Parties") as of May 7, 2018 (the "Effective Date").

Section 1. SERVICES. Subject to the terms and conditions set forth in this Agreement, Consultant shall provide to City the services described in the Scope of Work attached as Exhibit A at the time and place and in the manner specified therein. In the event of a conflict in or inconsistency between the terms of this Agreement and Exhibit A, the Agreement shall prevail.

- 1.1 Term of Services. The term of this Agreement shall begin on the Effective Date and shall end on July 31, 2018, and Consultant shall complete the work described in Exhibit A on or before that date, unless the term of the Agreement is otherwise terminated or extended, as provided for in Section 8. The time provided to Consultant to complete the services required by this Agreement shall not affect the City's right to terminate the Agreement, as referenced in Section 8.
- 1.2 Standard of Performance. Consultant shall perform all services required pursuant to this Agreement in the manner and according to the standards observed by a competent practitioner of the profession in which Consultant is engaged.
- 1.3 Assignment of Personnel. Consultant shall assign only competent personnel to perform services pursuant to this Agreement. In the event that City, in its sole discretion, at any time during the term of this Agreement, desires the reassignment of any such persons, Consultant shall, immediately upon receiving notice from City of such desire of City, reassign such person or persons.
- 1.4 Time. Consultant shall devote such time to the performance of services pursuant to this Agreement as may be reasonably necessary to meet the standard of performance provided in Subsection 1.2 above and to satisfy Consultant's obligations hereunder.
- 1.5 City of San Leandro Living Wage Rates. This contract may be covered by the City of San Leandro Living Wage Ordinance (LWO). Bidder's attention is directed to the San Leandro Municipal Code, Title 1, Chapter 6, Article 6. Successful Bidder must submit completed self-certification form and comply with the LWO if covered.
- 1.6 Public Works Contractor Registration. Consultant agrees, in accordance with Section 1771.1 of the California Labor Code, that Consultant or any subconsultant shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in Chapter 1 of Part 7 of Division 2 of the California Labor Code, unless currently registered and qualified to perform public work pursuant to California Labor Code section 1725.5. It is not a violation of this section for an unregistered contractor to submit a

No contractor or subcontractor may be awarded a contract for public work on a public works project unless registered with the Department of Industrial Relations pursuant to California Labor Code section 1725.5. Consultant agrees, in accordance with Section 1771.4 of the California Labor Code, that if the work under this Agreement qualifies as public work, it is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

Section 2. COMPENSATION. City hereby agrees to pay Consultant a sum not to exceed \$73,711 (seventy-three thousand, seven hundred and eleven dollars), notwithstanding any contrary indications that may be contained in Consultant's proposal, for services to be performed under this Agreement. City therefore has no responsibility for such contributions beyond compensation required under this Agreement.

SCOPE OF SERVICES

Scope of Work Contract to install the Fuelmaster system and replace the Petrovend System.

The Smart Card and Encoder and install software will be shipped out ahead of time. Trent Douglas from MSI will come out a week prior and assist with the installation of the Software and show you how to encode the Smartcards. He will also train your mechanics on how to install the AIM units on 200 Vehicles. That training process is usually 2 or 3 days.

The Installation will begin the next week: I recommend the morning of day one of Installation before 9:00 AM have all the vehicles fill up. Once installation starts they will have to turn off the power at the Fuel Island. The First day will entail removing the existing Petrovend system. MSI will take the old equipment and dispose of it unless you say otherwise. Day one will also be running proper wiring and preparing for day two when the installation of the Fuelmaster system begins. Day Two of the installation will include Installing the Fuelmaster unit and running the proper conduit to make sure it is set up and running properly. You should be up and running late afternoon and be able to start running transactions. Day three will be training and testing and tying up any loose ends. In total three days for Installation.

After Installation you get a free 2 hr. web Training that a representative from Fuelmaster will set up with you.

This project is quoted with Prevailing wage and all the Bond information will be provided once a Contract or PO is generated from Southwest Transportation.

Consultant shall indemnify, defend with counsel acceptable to City, and hold harmless City and its officers, elected officials, employees, agents and volunteers from and against any and all liability, loss, damage, claims, expenses, and costs (including without limitation, attorney's fees and costs and fees of litigation) (collectively, "Liability") of every nature arising out of or in connection with Consultant's performance of the services called for or its failure to comply with any of its obligations contained in this Agreement, except such Liability caused by the active negligence or willful misconduct of City.

Notwithstanding the forgoing, to the extent this Agreement is a "construction contract" as defined by California Civil Code Section 2782, as may be amended from time to time, such duties of Consultant to indemnify shall not apply when to do so would be prohibited by California Civil Code Section 2782.

The Consultant's obligation to defend and indemnify shall not be excused because of the Consultant's inability to evaluate Liability or because the Consultant evaluates Liability and determines that the Consultant is not liable to the claimant. The Consultant must respond within 30 days to the tender of any claim for defense and indemnity by the City. If the Consultant fails to accept or reject a tender of defense and indemnity within 30 days, in addition to any other remedy authorized by law, so much of the money due the Consultant under and by virtue of this Agreement as shall reasonably be considered necessary by the City, may be retained by the City until disposition has been made of the claim or suit for damages, or until the Consultant accepts or rejects the tender of defense, whichever occurs first.

EXHIBIT D

- C. The Contractor and its subcontractors shall forfeit as a penalty to the City \$25 for each worker employed in the performance of the services described in Exhibit A for each calendar day during which the worker is required or permitted to work more than 8 hours in any one calendar day, or more than 40 hours in any one calendar week, in violation of the provisions of California Labor Code Section 1810 and following.
