---

### SUMMARY AND RECOMMENDATIONS

Staff recommends that the City of San Leandro City Council approve and authorize the City Manager to execute Amendment No. 2 to the Non-Professional Services Agreement with Flagship Facility Services, Inc. and to approve an appropriation of \$95,612.20 from the Building Maintenance Fund (fund 687) unrestricted fund balance to 687-18-001-5350.

### BACKGROUND

On February 25, 2014, the Public Works Department issued a Request for Proposals (RFP 53282) for citywide janitorial services. Nine firms submitted proposals deemed responsive to the RFP. The nine proposals were ranked by points awarded for the following criteria: adherence to requirements of the RFP (10 points); qualifications, technical competency and similar experience (20 points); total cost proposal for monthly service (25 points); completeness of an operations plan (25 points); references from other local agencies (10 points); and the company's financial condition (10 points). Total scores varied from a low of 49.4 to a high of 81 points out of 100. Flagship Facility Services, Inc. a San Jose-based company was the firm with the highest score. The initial contract term expired June 30, 2015 and included provisions for annual extensions and price adjustments.

### Analysis

If authorized, the City will extend the contract for one additional fiscal year. The contract will be increased by 6.2% to \$62,824.05 per month for a total of \$753,888.60. The increase includes a Consumer Price Index adjustment of 3.31%, plus estimated (partial year) costs for providing new

services at the Boys & Girls Club, South Offices, and Farrelly Pool, which are currently all under construction but planned for reopening during the fiscal year. The contract also includes an additional amount not to exceed \$19,269.60 for services that are provided as needed, such as floor waxing and exterior window washing.

The contract services encompass 19 locations, including the City Hall complex, Public Works facilities, all libraries, the Senior Community Center, the Marina Community Center, Parks and Recreation buildings, and the San Leandro Family Aquatic Center. Services also include commercial kitchen cleaning, and monthly upholstered chair cleaning and sanitization at specified facilities .

This amendment will allow staff the additional time to prepare and initiate a comprehensive RFP for a new janitorial services contract in early 2021.

### **Previous Actions**

- Resolution 2014-069 authorizing the City Manager to Execute A Non-Professional Services Agreement with Flagship Facility Services, Inc. for citywide janitorial services for a sum not-to-exceed \$543,272 for 2014-2015 with annual extensions subject to CPI adjustment per RFP 53282.
- Resolution 2017-154 authorizing the City Manager to execute a Non-Professional Services Agreement between the City of San Leandro and Flagship Facility Services, Inc. for Citywide Janitorial Services from November 6, 2017 through June 30, 2019 for not-to exceed amounts of \$589,750.08 for 2017-18 and \$610,391.33 for 2018-2019.
- Resolution 2019-149 authorizing the City Manager to Execute Amendment No. 1 to the Non-Professional Services Agreement with Flagship Facility Services, Inc. for Citywide Janitorial Services for \$709,674.60 plus an amount not to exceed \$18,652.20 for additional unscheduled services for fiscal year 2019-2020.

### **Fiscal Impacts**

The amendment to the agreement will cost the City a total of \$773,158.20 (\$753,888.60 per year plus a not-to-exceed amount of \$19,269.60 for additional unscheduled services) for Fiscal Year 2020-2021. The amendment will be funded by a City Council approved appropriation from unrestricted fund balance from the Building Maintenance Fund 687.

### **Budget Authority**

The agreement is for \$753,888.60 plus \$19,269.60 for Fiscal Year 2020-21 and will be charged to account 687-18-001-5350 (Building Maintenance Fund). Janitorial Services are currently budgeted at \$677,546 for Fiscal Year 2020-21. The contract requires additional funding and requests City Council to approve an appropriation of \$95,612.20 from the Building Maintenance Fund unrestricted fund balance.

The Contractor must respond within 30 days, to the tender of any claim for defense and indemnity by the City, unless this time has been extended by the City. If the Contractor fails to accept or reject a tender of defense and indemnity within 30 days, in addition to any other remedy authorized by law, so much of the money due the Contractor under and by virtue of this Agreement as shall reasonably be considered necessary by the City, may be retained by the City until

It shall be the Contractor's responsibility to provide continuous services, without interruption, to all buildings and facilities specified herein throughout the term of the contract. In the event of a labor strike, Contractor shall provide the means, at Contractor's expense, to provide continuous services in full compliance with contract requirements. Failure to do so will cause the City to take whatever action is necessary to provide the services. If, in doing so, City incurs costs in excess of those that would have been paid to the Contractor for the same services, these excessive costs shall be paid by the Contractor.

**Force Majeure** - Neither party to the Agreement shall be held responsible for delay or default caused by fire, riot, acts of God, and/or war which is beyond that party's reasonable control. City may terminate the Agreement upon written notice after determining such delay or default will reasonably prevent successful performance of the Agreement.

The City may terminate performance of the Work called for by the Contract Documents in whole or, from time to time, in part, if the City determines that a termination is in the City's best interest.

The Contractor shall terminate all or any part of the Work upon delivery to the Contractor of a notice of termination specifying that the termination is for the convenience of the City, the extent of termination, and the effective date of such termination.

After receipt of notice of termination, and except as directed by the Public Works Director or his/her designee, the Contractor shall, regardless of any delay in determining or adjusting any amounts due under this clause, immediately proceed with the following obligations:

- a) Stop Work as specified in the notice.
- b) Complete any Work specified in the notice of termination in a least cost/shortest time manner while still maintaining the quality called for under the Contract Documents.

- e) Place no further subcontracts or orders, except as necessary to complete the continued portion, if any, of the Contract.
- f) Submit to the Public Works Director within ten (10) days from the effective date of the notice of termination, all of the usual documentation called for by the Contract Documents to substantiate all costs incurred by the Contractor for labor, materials, machinery, equipment, tools and supplies through the effective date of the notice of termination. Any documentation substantiating costs incurred by the Contractor solely as a result of the City's exercise of its right to terminate this Contract pursuant to this clause, which costs the Contractor is authorized under the Contract documents to incur, shall: (i) be submitted to and received by the Director no later than thirty (30) days after the effective date of the notice of termination; (ii) describe the costs incurred with particularity; and (iii) be conspicuously identified as "Termination Costs occasioned by the City's Termination."

In the event that the City exercises its right to terminate this Contract pursuant to this clause, the City shall pay the Contractor, upon the Contractor's submission of the documentation required by this clause and other applicable provisions of the Contract Documents, all actual reimbursable costs incurred according to the provisions of this Contract.

The Contractor may terminate the Contract upon ten (30) days written notice to the City, whenever: (1) the entire Work has been suspended for ninety (90) consecutive days through no fault or negligence of the Contractor, and notice to resume the Work or to terminate the Contract has not been received from the City within this time period; or (2) the City should fail to pay the Contractor any undisputed billings in accordance with the terms of the Contract and within the time limits prescribed. In the event of such termination, the Contractor shall have no claims against the City except for Work performed as of the date of termination.

**Unforeseen Difficulties** - All loss or damage arising out of the nature of the Work to be done under the Contract, or from any unforeseen obstructions or difficulties which may be encountered during the progress of the Work and in the prosecution of the same, or from encumbrances on the line of work, shall be sustained by the Contractor, except as may be otherwise specifically provided by the Contract Documents.

**Person-Hours:** The Contractor shall provide no less than the minimum number of estimated hours per day or evening as provided in the Contractor's proposal and subsequent contract award. Any amount less than this minimum per building may be deducted from the Contractor's billing. The amount of deduction will be calculated on an hour-for-hour basis, utilizing the Contractor's hourly proposal amount (total dollars divided by total hours). The City shall be the sole judge of any performance discrepancies.

- C. All employees hired after the start of the Contract shall be trained in the same manner stated above. Documentation shall be submitted to the City's Buildings Supervisor prior to the employee starting work at City facilities.

### **Cleaning Schedule**

- E. The Contractor shall maintain a schedule for annual interior and exterior window washing and provide to the City's Buildings Supervisor a copy of the scheduled work a minimum of 2 weeks in advance, and a copy of the completed work on the first workday following completion of work.

### **Performance Standards**

- A. It is the objective of the City to obtain full cleaning performance in accordance with the terms of the specifications and at the quality standards of work set forth in this contract. To this end, the City is contracting for the complete performance of each cleaning job as specified in this contract. Therefore, deductions (Liquidated Damages) for tasks not completed or not satisfactorily completed shall be made in accordance with the schedule detailed herein.

B. The Buildings Supervisor or designee shall contact the Contractor by telephone, fax, or email to notify them of performance issues. The City's Buildings Supervisor shall also notify the Contractor of written complaint(s) received from building occupants. During the normal business hours for each facility, the Contractor shall be required to respond to any major problem(s) within two (2) hours, once notified by the City's Buildings Supervisor or designee, or be charged a deduction.

C. The City's Buildings Supervisor or designee shall maintain a file of incoming complaints whether they be written, oral, or by telephone. This file shall contain the date, time, building, name of the person making the complaint, phone number and time the Contractor was notified, or a copy of the notification letter and fax record.

D. Major problems require immediate attention, and shall be responded to and corrected within two (2) hours. Examples of major problems include, but are NOT limited to: toilets not cleaned, not stocking sufficient paper products in large areas, offices not cleaned, or trash not removed, etc. The City's Buildings Supervisor or designee shall have authority to classify a complaint as major or minor.

E. Minor problems require correction during the next day's normal clean up, however a continuing record of minor complaints shall result in a deduction. Examples of minor problems include, but are not limited to: a trash can not emptied, a small area not vacuumed, toilet paper in one stall out, etc. Failure by the Contractor to respond to specific complaints as stated above, as well as preventing continuing occurrences of such complaints, may result in deductions of invoiced payments or termination of this contract agreement.

F. Failure to clean an entire building or site shall result in a separate deduction for nonperformance. After three (3) occurrences of nonperformance within a 12-month period, the City, at its discretion, may begin default proceedings.

The Contractor, to handle an instance of nonperformance, shall send personnel to the missed site within two hours of notification of an event of nonperformance for immediate servicing of that location. However, this shall not relieve the Contractor of being charged the deductions or this counting towards the three occurrences. If the Contractor does not respond in two hours, the Purchasing Agent may exercise the City's right to terminate for default.

G. Contractor billing shall be done on a timely basis. The successful proposer shall submit monthly invoices for work completed in the previous month.

**Liquidated Damages** - Failure of the Contractor to respond to problems referred to them by the City within the time limits established above shall result in the following deductions from invoiced payments:

- b) Minor problems not responded to within the established time limits will result in a deduction of one (1) day's cost of cleaning for the entire building experiencing the problem (the formula to arrive at the deduction is: facility monthly cost divided by workdays in month = per day cost of cleaning that location);
- c) Nonperformance deductions shall be equal to 100% of the monthly charge for the missed facility;
- d) Continued reporting of major and minor compliance failures of 5 or more for any month will result in a **10% DEDUCTION OF THE TOTAL MONTHLY CONTRACT COST**;
- e) Inspection reports (completed by City staff) for a one-month period will be reviewed at the first meeting of the following month. Should these inspection reports indicate an overall unsatisfactory rating for the prior month; the City will impose a **10% DEDUCTION OF THE TOTAL MONTHLY CONTRACT COST**

on the next payment. (Inspection reports will be discussed weekly between the Contractor's Project Manager and the City's Buildings Supervisor or designee such that the Contractor will be informed by the City of the afore-stated process.

Saturday, Sunday and Monday are big clean-up days. A minimum of one 2-person crew is required for Friday/Saturday/Sunday clean-ups.*

*Garbage pick-up of the patio area is to be included on these days. Events are typically scheduled to end at 10 PM, with an additional hour for clean-up by the renter. The pH of the floor surface shall be brought to neutral (pH of 7) after stripping by rinsing with a mild acid base detergent. Stripping solution shall be wiped off immediately from baseboards and other fixed items in the area. In extremely soiled areas, it may be necessary to make two or three additional passes with the solution valve on. Make several additional passes with the solution valve off to remove as much moisture from the area as possible, always being careful not to over-wet the carpet. Place drying fans on wet areas during cleaning and allow the carpet to dry as thoroughly as possible.
