TITLE:	Annual Report of the West San (BID) for Fiscal Year 2021-2022	eandro City Council Resolution Accepting the Leandro Shuttle Business Improvement District and Directing the City Manager to Impose the creased by the Consumer Price Index (CPI) for

### RECOMMENDATIONS

Staff recommends that the City Council adopt the Resolution accepting the Annual Report of the West San Leandro Shuttle Business Improvement District (BID) for Fiscal Year 2021-2022 and direct the City Manager to impose the BID assessment at the increased rates for the LINKS Shuttle Program, as recommended by the BID Advisory Board.

### BACKGROUND

### **Business Improvement District and Annual Report**

The West San Leandro Business Improvement District was established to provide management and funding for the LINKS Shuttle Program. The West San Leandro Business Improvement District is managed by the San Leandro Transit Management Organization (SLTMO). In December 2014, the City Council approved Ordinance No. 2014-023 expanding the BID service area and re-establishing the BID for a period of 15-years. BID fees are collected through the City's business license process.

The Ordinance defines the boundaries of the BID, the amount of the annual assessment, the approved use of the assessment funds, and the effective period of the assessment. The Ordinance requires that the BID Advisory Board annually review the performance of LINKS for submission to the City Council. In addition, the Ordinance provides that the City Council may increase the annual assessment in an amount not to exceed the increase in the Consumer Price Index (San Francisco, Oakland, San Jose), as part of its review of the annual report.

The five to seven member Advisory Board includes the City's Engineering and Transportation Director and the Director of Finance (or their designees). The business members appointed to the Advisory Board are Kristin Anderson, Eric F. Anderson, Inc., Steve Magidson, Docustream and Gricelda Sanchez, Alameda County Industries, Inc. The Advisory Board's duties include review of the LINKS performance and budget, and a recommendation for the BID assessment rate. On October 6, the Advisory Board met to complete the annual review of the LINKS Shuttle. The FY 2021-2022 Annual Report is attached to the Resolution for your information.

### <u>Analysis</u>

The Annual Report includes a review of the LINKS performance, planned operations, budget and a recommendation for the 2022 BID assessment. Following is a summary of the Annual Report.

### LINKS Shuttle - Current Operations

The free LINKS shuttle operates Monday - Friday during peak commute hours (5:45 - 9:45 am and 3:00 - 7:00 pm). LINKS provides the critical "first and last mile" connection between BART and employers in West San Leandro, serving major employers including Amazon, Walmart, and Costco, as well as small employers. There are over 800 employers and 15,000 employees in the LINKS service area. LINKS also provides transportation to retail centers and the Davis Street Family Resource Center which services 10,000 low-income people each year. Links typically provides 200,000 rides per year with an average of 770 rides per day. Like all transportation services, the number of rides has dropped since the beginning of the COVID-19 pandemic. Ridership is gradually increasing and is currently 340 rides per day.

Participation in the BID helps businesses comply with the BAAQMD Commuter Benefits program. In 2014, the Bay Area Air Quality Management District (BAAQMD) implemented the Commuter Benefits Program that requires all employers with 50 or more full-time employees to provide commuter benefits to their employees. To comply with the Program, employers must select one (or more) of four commuter benefit options and register with BAAQMD. Participation in the LINKS BID satisfies Option 3 ("Employer Provided Transit") under the requirements, allowing businesses to save time and money when compared to creating their own in-house program.

### 2020-21 Activities

Last year, the SLTMO focused on providing reliable transportation to LINKS riders during the COVID-19 pandemic. LINKS continued to operate on its normal schedule following safety protocols including daily bus cleaning, mask requirements, social distancing and installation of driver shields.

Ridership dropped 72% but is gradually increasing. The shuttle is currently providing 380 rides per day, a reduction of 48%. To put this into perspective, the number of rides on the Emery Go-Round Shuttle in Emeryville first dropped 90% and is currently down 75-80% and BART ridership is down 75% as of August 2021. While LINKS continued to operate on its normal

schedule, many shuttle services including the Emery Go-Round reduced routes and service hours. LINKS ridership during COVID-19 demonstrates that the LINKS Shuttle provides essential transportation to San Leandro businesses, employees and the community.

During this period, the SLTMO worked with BART and AC Transit on the new shuttle stop configuration at the San Leandro BART station. The new shuttle stops for LINKS, FLEX Paratransit and the Kaiser Shuttle have been finalized and the City is working with BART on the stop markings, signs and way-finding signage.

The SLTMO submitted a 2022 Alameda CTC CIP grant application for a five-year Measure BB and TFCA grant in the amount of \$1,180,088. Alameda CTC staff is recommending full funding.

Under challenging circumstances, LINKS continues to provide reliable transportation to San Leandro residents and employees.

### <u>Budget</u>

Funding for LINKS comes from the BID, grants, the City of San Leandro and advertising. The BID funds approximately one-half of the LINKS service. Marina Square Shopping Center purchases advertising on the LINKS buses.

### 2022 Alameda CTC CIP Grant (Measure BB & TFCA) - \$1,180,088

Alameda CTC staff is recommending full funding of the 2022 CIP five-year grant application for the LINKS shuttle in the amount of \$1,180,088. While this is good news, the matching requirement for the new grant cycle went from 50% to 75% reducing the allowable grant request from \$2.1 million to \$1.18 million, and significantly impacting the LINKS budget for the next five years.

### Business Improvement District Revenue

BID revenue significantly declined year over year in 2020. The collections were made in January and February 2020 before COVID-19 was a factor. SLTMO analyzed the data and is working with City staff and the City's business license vendor to get clarification and address issues. Fortunately, 2021 BID revenue has returned to pre-2020 levels. The City continues to receive year over year BID revenue reports, which allows the SLTMO to monitor collection and address any problems in a timely manner.

### Projected Budget Deficit

The SLTMO is projecting a significant budget deficit beginning in FY 2022-2023 resulting from several factors that may lead to reduction in service:

- New Alameda CTC matching requirements that limit the allowable grant request.
- Unpredictable BID revenue.
- Projected transportation cost increases.

### Five-year Funding and Operational Plan

To proactively address the projected deficit, SLTMO has contracted with a transportation consulting firm to conduct a thorough analysis of the existing service, develop service alternatives based on high and low funding scenarios and include forecasts of expenses related to contracting

of services and potential fleet replacement costs with gas and battery electric vehicle options. SLTMO is meeting with Alameda CTC and gave the City Council Facilities and Transportation Committee a brief overview of the projected LINKS deficit and the impacts of the matching policy change.

In 2015 the SLTMO expanded the LINKS service, renewed the Business Improvement District for fifteen years and secured five-year Measure BB funding, which put the service on stable operational and financial footing for five plus years. The goal of the current transit study is to again develop a five-year funding and operational plan.

### 2021-22 Planned Activities

Following is a summary of planned activities for FY 2021-2022:

<u>Rider Safety</u> - Continue to provide much needed transportation following current COVID-19 safety protocols.

<u>Transit Study - 5-Year Plan</u> - Working with a transportation consultant, conduct an analysis of the current service and develop a five-year operational and funding plan.

<u>Grants</u> - Aggressively seek grant and other funding opportunities. The Board will continue to work with the City of San Leandro and Alameda County Transportation Commission to secure critical funding.

<u>Revenue Diversification</u> - Continue to diversify revenue sources by maintaining the current contract with Marina Square (advertising) and seek other revenue generating opportunities.

<u>Outreach</u> - When it is safe to expand LINKS ridership, conduct outreach to employers and employees to educate and promote LINKS ridership.

### 2022 BID Recommendation

In order to ensure that funding for LINKS stays current with operating costs, it is recommended that the 2022 BID rate should be adjusted by the applicable Consumer Price Index (CPI).

Per the approved Ordinance, the BID may be increased annually by the Consumer Price Index (CPI). The applicable CPI factor is 3.2 percent. This would result in the BID per employee rate increasing from \$25.07 to \$25.87. Businesses with three or fewer owner/employees, landlords, and non-profits will continue to be exempt from the BID assessment. The CPI adjustment will raise approximately \$11,000, which is less than 1% of the total LINKS budget.

After reviewing the Annual Report, the BID Advisory Board approved the 2021-2022 Annual Report and recommended that the 2022 BID rate should be adjusted by the applicable Consumer Price Index (CPI).

### **Current Agency Policies**

• Ordinance No. 2004-013, adopted June 21, 2004, amending Title 2 of the San Leandro

Municipal Code to add a new Chapter 15 establishing the West San Leandro Business Improvement District

- Resolution No. 2004-153, adopted October 4, 2004, forming the West San Leandro Shuttle Business Improvement District Advisory Board
- Ordinance No. 2004-021, adopted October 18, 2004, specifying the time and manner of collecting the West San Leandro Shuttle BID assessments
- Resolution No. 2008-130, adopted October 20, 2008, amending Resolution No. 2004-153, modifying the membership of the West San Leandro Shuttle Business Improvement District Advisory Board
- Resolution No. 2009-014, adopted February 2, 2009, approving a Resolution of Intention to re-form the West San Leandro Shuttle Business Improvement District
- Ordinance No. 2009-002, adopted April 6, 2009, amending Title 2 of the San Leandro Municipal Code to add a new Chapter 15 re-establishing the West San Leandro Business Improvement District
- Resolution No. 2010-008 RDA, adopted September 20, 2010, the Redevelopment Agency of the City of San Leandro 2010-2014 Implementation Plan. The West San Leandro-MacArthur Boulevard Project Area identifies the maintenance of LINKS as Economic Development Priority Program
- Ordinance No. 2014-023 re-establishing the West San Leandro Business Improvement District for a period of fifteen years.

### Applicable General Plan Policies

Goal 15.03 of the General Plan specifically encourages the use of shuttle buses as a viable alternative to driving. Action 15.03-A urges continuation of public/private partnerships to provide shuttle services and the pursuit of grant funding opportunities for such activities

**Resolution - Council** 

File Number:	21-573	Agenda Section:	CONSENT CALENDAR
		Agenda Number:	
TO:	City Council		
FROM:	Fran Robustelli City Manager		
BY:	Tom Liao Community Development Directo	or	
FINANCE REVIE	W: Susan Hsieh Finance Director		
TITLE:	RESOLUTION of the City of San Report for the West San Leandro Fiscal Year 2021-2022 and Direc Assessment Rates Increased by Index (CPI) for the LINKS Shuttle	o Shuttle Business cting the City Mana the June 2020 - Ju	Improvement District (BID) ger to Impose the 2022 BID

WHEREAS, by Ordinance No. 2014-023, adopted December 1, 2014, the City of San Leandro City Council established a Business Improvement Area known as the West San Leandro Shuttle Business Improvement District (the "BID") to levy a benefit assessment on businesses within the BID, the proceeds of which would be used for the public purposes therein described to benefit the businesses in the BID, to include management and funding of the LINKS Shuttle Program, pursuant to the Parking and Business Improvement Area Law of 1989 Section 36500 et seq. of Division 18 of the California Streets and Highways Code (the "Act"); and

WHEREAS, as required by the Act, the City Council established an Advisory Board to prepare and submit an annual report on assessments levied and collected to pay the costs of the improvements and activities of the BID; and

WHEREAS, the Advisory Board has met and reviewed the activities of the BID and the proposed assessment for 2022; and

WHEREAS, the Advisory Board has caused the preparation of the Annual Report of the West San Leandro Shuttle Business Improvement District Fiscal Year 2021-2022, a copy of which is attached, and hereby presents same to this Council; and

WHEREAS, the Council is familiar with the contents thereof; and

WHEREAS, the City Manager recommends acceptance of said Annual Report which includes a recommendation to increase the BID fee rate equal to the June 2020 - June 2021 increase in the Consumer Price Index (CPI), which is equivalent to 3.2 percent.

NOW, THEREFORE, the City of San Leandro City Council RESOLVES as follows:

That said Annual Report is hereby accepted and the City Manager is hereby directed to impose the BID Assessment with an increase to the BID per owner/employee assessment rate by the CPI factor of 3.2 percent to \$25.87 per owner/employee for businesses in the BID Area. Businesses with three or fewer owner/employees, landlords, and non-profits will continue to be exempt from the BID assessment, as recommended by the Advisory Board.

### ANNUAL REPORT OF THE WEST SAN LEANDRO SHUTTLE BUSINESS IMPROVEMENT DISTRICT FOR FISCAL YEAR 2021-22

### ANNUAL REPORT OF THE WEST SAN LEANDRO SHUTTLE BUSINESS IMPROVEMENT DISTRICT

### **Executive Summary & Recommendation**

The Annual Report includes a brief history of the LINKS shuttle and the West San Leandro Shuttle Business Improvement District (BID), ridership statistics; current and planned operations, the LINKS budget and the proposed BID assessment for 2022.

### **Organization**

The West San Leandro Shuttle Business Improvement District was formed in 2000 to provide management and funding for the LINKS Shuttle Program. In 2015, the BID was reauthorized for a period of 15 years and the service area was expanded. The BID funds approximately one-half of the LINKS service.

The LINKS Shuttle service is administered by the San Leandro Transportation Management Organization (SLTMO), a 501(C) 4 non-profit corporation.

Oversight of the BID is conducted by the West San Leandro Business Improvement District Advisory Board (Advisory Board). The five to seven member Advisory Board includes two City staff designees and three to five business representatives. The Advisory Board's duties include annual review of the LINKS performance for submission to the City Council and annual BID rate recommendation.

### LINKS Shuttle Service

The free shuttle provides critical first-last mile transportation from the San Leandro BART station to the industrial area west of I-880 and Marina Blvd. LINKS operates Monday – Friday during peak commute hours (5:45 – 9:45 am and 3:00 – 7:00 pm). Historically, Links provides 200,000 rides per year with an average of 770 rides per day. Ridership since February 2020 dropped approximately 48% as a result of Covid-19. With 20 years of service to the community, LINKS has provided over 3 million rides.

### FY 2020-21 Activities

In 2020-21, the SLTMO focused on providing reliable transportation to LINKS riders during the Covid-19 pandemic. LINKS continued to operate on its normal schedule following safety protocols including daily bus cleaning, mask requirements, social distancing and installation of driver shields.

Ridership first dropped 72% but is gradually increasing. LINKS is currently providing 380 rides per day, a reduction of 48% from pre-Covid ridership. To put this into perspective, the number

of rides on the Emery Go-Round Shuttle in Emeryville is currently down 75-80% and BART ridership is down 75% as of August 2021. LINKS ridership during Covid demonstrates that the LINKS Shuttle provides essential transportation to San Leandro businesses, employees and the community.

### FY 2021-22 Planned Activities

Following is a summary of planned activities for FY 2021-22:

<u>Rider Safety</u> – Continue to provide much needed transportation following current Covid-19 safety protocols.

<u>Transit Study – 5-Year Plan</u> – Working with a transportation consultant, conduct an analysis of the current service and develop a five-year operational and funding plan.

<u>Grants</u> - Aggressively seek grant and other funding opportunities. The Board will continue to work with the City of San Leandro and Alameda County Transportation Commission to secure critical funding.

<u>Revenue Diversification</u> – Continue to diversify revenue sources by maintaining current contract with Marina Square (advertising) and seek other revenue generating opportunities.

<u>Outreach</u> – When it is safe to expand LINKS ridership, conduct outreach to employers and employees to educate and promote LINKS ridership.

### West San Leandro Business Improvement District (BID)

The enabling BID Ordinance requires that the Advisory Board annually review the performance of LINKS service and recommended BID rate adjustment for submission to the City Council. The Ordinance provides that the City Council may increase the annual assessment in an amount not to exceed the increase of the Consumer Price Index (San Francisco, Oakland, San Jose), as part of its review of the annual report.

### **BID Advisory Board - Rate Recommendation**

Increase the BID per employee assessment rate equal to the increase in the Consumer Price Index (CPI) as provided for in Ordinance No. 2009-002. For 2022 the applicable CPI factor is 3.2 percent. This would result in the BID per employee rate increasing from \$25.07 to \$25.87. Businesses with three or fewer owner/employees, landlords, and non-profits will continue to be exempt from the BID assessment. The CPI adjustment will raise approximately \$11,000 which is less than 1% of the total LINKS budget.

### Annual Report

### LINKS Shuttle Service

The LINKS Shuttle provides free transportation from the San Leandro BART station to the industrial area west of I-880 and Marina Blvd., a major employment center of the City and the region. LINKS operates Monday – Friday during peak commute hours (5:45 - 9:45 am and 3:00 - 7:00 pm). The service operates two buses each on a North and South Loop. Historically, Links provides 200,000 rides per year with an average of 770 rides per day. Like all transportation services, the number of rides has dropped since Covid. Ridership is gradually increasing and is currently 380 rides per day.

LINKS provides critical "first and last mile" connection between transit and employers in West San Leandro, serving major employers including Amazon, Walmart and Costco, as well as small employers. There are over 800 businesses and almost 15,000 employees in the LINKS service area. LINKS also provides transportation to commercial nodes including Marina Square Shopping Center and community services such as Davis Street Family Resource Center which serves 10,000 low-income people each year.

Participation in the LINKS BID service area helps businesses comply with the BAAQMD Commuter Benefit requirements. In 2014, the Bay Area Air Quality Management District (BAAQMD) implemented the Commuter Benefits Program that requires all employers with 50 or more full-time employees to provide commuter benefits to their employees. To comply with the Program, employers must select one (or more) of four commuter benefit options and register with BAAQMD. Participation in the LINKS BID satisfies Option 3 ("Employer Provided Transit") under the requirements, allowing businesses to save time and money.

### Background

In 2000, the City of San Leandro evaluated the feasibility of implementing a commuter shuttle service connecting west San Leandro employment sites with the San Leandro BART station. Based on the results of that study, the San Leandro Transportation Management Organization (SLTMO) and a Business Improvement District (BID) were formed to provide management and funding for the LINKS Shuttle program.

The SLTMO is a 501(C) 4 non-profit corporation governed by a Board of Directors that includes representation from businesses included in the BID and the City of San Leandro. The SLTMO administers the LINKS Shuttle program.

Oversight of the BID is conducted by the West San Leandro Shuttle Business Improvement District Advisory Board (Advisory Board). The five to seven member Advisory Board includes two City staff designees and three to five business representatives. The Advisory Board's duties include annual review of the LINKS performance for submission to the City Council. The Ordinance authorizing the BID also provides that the City Council may increase the annual BID assessment in an amount not to exceed the increase of the Consumer Price Index as part of its review of the annual report.

### **BID Renewal and Service Expansion**

In 2015, the Business Improvement District was re-authorized for 15-years. When the BID was renewed, the service area was expanded providing more frequent service with shorter wait times, shorter round-trip rides and connections to businesses that previously could not access LINKS.

BID fees are collected through the City's business license process and the BID funds approximately one-half of the LINKS service.

### **Summary of Annual Activities**

FY 2015-16 – The SLTMO focused on getting the expanded service up and running smoothly and updating the LINKS branding with new signage, brochure and website. Bus benches and new signs were installed.

FY 2016-17 – The SLTMO focused on stabilizing LINKS funding by applying for grants and renewing service contracts with Kaiser Permanente and Marina Square Shopping Center. LINKS received a five year \$1.02 M Measure BB grant which helped to stabilize funding for the next several years.

FY 2017-18 – The SLTMO focused on further enhancing the service through the installation of Nextbus technology. Using a mobile app, Nextbus allows riders to find real time arrival predictions for nearby stops instantly, find stops and vehicles on a map, get walking directions and set alerts for favorite stops and times. Nextbus also provides useful administrative reports including on-time performance and passenger count information. Google translate and transportation resources were also added to the website further increasing accessibility to riders.

FY 2018-19 – The SLTMO continued its focus on improved performance and rider experience, replacing the LINKS fleet with four new buses. The exterior bus branding was updated, signage on the bus exterior was improved and information racks added to the bus interior. Each bus was fitted with a drive cam which can record the interior and exterior of the bus in the event of an incident.

FY 2019-20 - The SLTMO focused on continuing service reliability, securing grants and responding to the Covid-19 pandemic. The SLTMO implemented a variety of safety protocols allowing the shuttle to continue to operate on its normal schedule during the uncertainty of the pandemic.

### 2020-21 Activities

Over the last year, the SLTMO focused on providing reliable transportation to LINKS riders during the Covid-19 pandemic. Following safety protocols, LINKS continued to operate on its normal schedule with social distancing, bus sanitation and mask requirements. Clear driver shields were installed on the buses to protect drivers and riders. Covid updates are posted on the buses, website and Nextbus app.

Ridership first dropped 72% but is gradually increasing. The shuttle is currently providing 380 rides per day, a reduction of 48%. To put this into perspective, the number of rides on the Emery Go-Round Shuttle in Emeryville is currently down 75-80% and BART ridership is down 75% as of August 2021. While LINKS continued to operate on its normal schedule, many shuttle services including the Emery Go-Round reduced routes and service hours. LINKS ridership during Covid demonstrates that the LINKS Shuttle provides essential transportation to San Leandro businesses, employees and the community.

During the two-year reconfiguration of the San Leandro BART station the shuttle stops were moved from the interior bus island to San Leandro Blvd. The new shuttle stops for LINKS, FLEX Paratransit and the Kaiser Shuttle have been finalized and we are working with BART on the stop markings and way-finding signage.

### LINKS Budget

Funding for LINKS comes from the BID, grants, the City of San Leandro and advertising. The BID funds approximately one-half of the LINKS service. Marina Square Shopping Center purchases advertising on the LINKS buses.

### 2022 Alameda CTC CIP Grant (Measure BB & TFCA) - \$1,180,088

The SLTMO submitted a 2022 Alameda CTC CIP grant application for a five-year Measure BB and TFCA grant. The grant period is FY 2021-22 through FY 2025-26 in the amount of \$1,180,088. ACTC staff is recommending full funding. The matching requirement for the new grant cycle went from 50% to 75% reducing the allowable grant request and significantly impacting the LINKS budget for the next five years.

### Business Improvement District Revenue

BID revenue declined significantly year over year in 2020. The collections were made in January and February 2020 before Covid was a factor. The SLTMO analyzed the data and we have been working with City staff and business license vendor to get clarification and address issues. Fortunately, 2021 BID revenue has returned to pre-2020 levels. We continue to receive year over year BID revenue reports which allow the SLTMO to monitor collection.

### Projected Budget Deficit

The SLTMO is projecting a significant budget deficit beginning in FY 2022-23 resulting from several factors that may lead to a reduction in service:

- New Alameda CTC matching requirements that limit the allowable grant request.
- Unpredictable drop in BID revenue.
- Projected transportation cost increases.

### Five-year Funding and Operational Plan

To proactively address the projected deficit, the SLTMO has contracted with a transportation consulting firm to conduct a thorough analysis of the existing service, develop service alternatives based on high and low funding scenarios and include forecasts of expenses related to contracting of services and potential fleet replacement costs with gas and battery electric vehicle options.

In 2015 the SLTMO expanded the LINKS service, renewed the Business Improvement District for fifteen years and secured five-year Measure BB funding which put the service on stable operational and financial footing for five plus years. The goal of the current transit study is to again develop a five-year funding and operational plan.

The LINKS budget can be found in Exhibit C.

### 2021-22 Planned Activities

Following is a summary of planned activities for FY 2021-22:

<u>Rider Safety</u> – Continue to provide much needed transportation following current Covid-19 safety protocols.

<u>Transit Study – 5-Year Plan</u> – Working with a transportation consultant, conduct an analysis of the current service and develop a five-year operational and funding plan.

<u>Grants</u> - Aggressively seek grant and other funding opportunities. The Board will continue to work with the City of San Leandro and Alameda County Transportation Commission to secure critical funding.

<u>Revenue Diversification</u> – Continue to diversify revenue sources by maintaining current contract with Marina Square (advertising) and seek other revenue generating opportunities.

<u>Outreach</u> – When it is safe to expand LINKS ridership, conduct outreach to employers and employees to educate and promote LINKS ridership.

### **Business Improvement District Authorization**

The BID is a levied benefit assessment on businesses within the BID Area, the proceeds of which shall be used for the public purpose benefit of the businesses in the BID, pursuant to the Parking and Business Improvement Area Law of 1989 Section 36500 et seq. of Division 18 of the California Streets and Highways Code. All of the assessments imposed by the BID Ordinance shall be reviewed by the City Council annually based upon the annual report prepared by the advisory board appointed pursuant to Sections 36530 and 36533 of the California Streets and Highways Code. Pursuant to Section 36533(c), the City Council may approve the report as filed by the advisory board or may modify any particular contained in the report and approve it as modified.

The ordinance defines the boundaries of the BID, the amount of the annual assessment, the approved use of the assessment funds, and the effective period of the assessment. The Ordinance requires that an Advisory Board annually review the performance of LINKS for submission to the City Council. In addition, the Ordinance provides that the City Council may increase the annual assessment in an amount not to exceed the increase of the Consumer Price Index (San Francisco, Oakland, San Jose), as part of its review of the annual report.

### Annual BID Rate Recommendation - 2022 Business Improvement District Assessment

In order to ensure that funding for LINKS stays current with operating costs, it is recommended that the 2022 BID rate be adjusted by the applicable Consumer Price Index (CPI).

Per the approved Ordinance, the BID per employee rate may be increased annually by the increase in the Consumer Price Index (CPI). For 2022 the applicable CPI factor is 3.2 percent. This would result in the BID per employee rate increasing from \$25.07 to \$25.87. Businesses with three or fewer owner/employees, landlords, and non-profits will continue to be exempt from the BID assessment. The CPI adjustment will raise approximately \$11,000 which is less than 1% of the total LINKS budget.

# YOU CAN ACCESS NEXTBUS SEVERAL WAYS.

### ONDBILE WEB

Download the Nextbus app or go to www.nextbus.com. Your smartphone or mobile device will automatically find the nearest stop if GPS is enabled; otherwise click "menu" to enter your stop number. You'll see the next arrival time.

### ONLINE

your location to find your nearest stop. Enter your bus stop number or select your route, direction and cross street from Go to Nextbus.com, Nextbus will automatically determine the drop down menu. You'll see the next arrival time.

### TEXT

Text "SLLINKS" and your stop number to 41411. (Leave space between "SLLINKS" and stop number.) Nextbus will text you back with the next arrival time. Note: Message and data rates may apply based upon your plan with your cell carrier.

## FINDING YOUR STOP NUMBER

- For Links, your bus stop number and Nextbus stop number are the same. 0
- New signs with Nextbus stop numbers and information are also being installed at all LINKS bus stops. 0

## (Two Routes to San Leandro's West Industrial Area) • TWO ROUTES:
